Lifetime Transferable Limited Warranty

West Window Corporation warrants the products listed to be free from manufacturers defects under normal use and service for the lifetime of the registered owner with limitations as stated below. This warranty is effective with orders placed after April 15, 2005.

Products covered: Storm Windows, Storm Doors, Sliding Glass Doors, Vinyl Swing Doors, WestCore Storm Doors, Insulated Glass, Aluminum and Vinyl Replacement and New Construction Windows, Westwood Standard Products, Room Enclosure Wall Units.

(Westwood Green Products and Pro Series Products are covered by the warranty on the back side of this warranty)

INSULATED GLASS

Insulated glass manufactured by West Window Corporation is warranted against condensation build-up between the glass resulting from failure of the hermetic seal. Condensation on the interior of the window in cold climates and on the exterior of the window in warm climates is a natural result of humidity and temperatures and is not covered by this warranty. This warranty does not apply to units used on ships, aircraft, vehicles, swimming pools, solar collectors or commercial refrigeration nor to units installed in a sloped position. This warranty does not apply to decorative glass. Insulated glass installed in frames other than those of West Window Corporation must use the required setting blocks on a flat surface, drainage holes and non-hardening sealants compatible with the sealants used to make the insulated glass. One year is the maximum warranty on glass installed in frames other than West. Use of power washers and/or harmful detergents will void the insulated glass warranty. Caulking or sealing the window weep slots voids this warranty. The use of thermal window drapes or curtains may cause excessive heat on the windows and void this warranty.

Insulated glass units in all products other than the Allweld series will be as follows:

Years of Service	Amount (%) Paid By Owner
0 thru 10	0%
11 thru 15	50%
16 thru life of registered owner	75%

Insulated glass units in the entire Allweld series:

Years of Service	Amount (%) Paid By Owner
0 thru 20	0%
21 thru 30	50%
31 thru life of registered owner	75%

Glass has prevalent characteristics such as bubbles, slight discolorations, blurs and hairline scratches. These are to be expected as they are inherent qualities that meet or exceed federal specifications ASTM C 1036-91.

OTHER PROVISIONS

THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED AND ALL OTHER WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTY OF MERCHANTABILITY AND/OR ALL WARRANTIES OF FITNESS, ARE HEREBY EXCLUDED. WEST WINDOW CORPORATION IS NOT LIABLE TO ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY DEFECTS IN ANY OF THE GOODS THAT ARE THE SUBJECT OF THIS WARRANTY.

The dealer is not authorized to change or add to said Warranty. Installation and condensation, except as stated above, are not covered under this warranty. Warranty does not cover if film is applied to glass surface or if a vinyl product is used in conjunction with a storm window or door. This warranty is valid only if the attached registration card is filled in completely and mailed to West Window Corporation within thirty (30) days of installation. If service is required relating to this Warranty, contact the dealer from whom the goods were purchased. If he is unable to service the product, then contact West Window Corporation. Improper installation voids this warranty if the installation materially affects the function of West Window Corporation products. Acts of God, vandalism and terrorism void this warranty. Mold resulting from inadequate installation, condensation and excessive household humidity levels is not covered by this warranty. K.D. (Knocked down, unassembled products) are not covered by this warranty.

West Window Corporation will repair or replace (at its option) defective parts which are returned to it by the Buyer or the Buyer's dealer. If the item is no longer available, West Window Corporation reserves the right to substitute a similar product. The original warranty period is not extended by any repair or replacement by West Window Corporation. Net charges to the owner by West Window Corporation for repair or replacement material will be based on the then prevailing list (retail) prices in the products catalog of West Window Corporation. West Window Corporation will not be responsible for labor, overhead, profit, or freight costs involved in the removal or reinstallation that may be charged by the dealer. Customer will be responsible for refinishing, repainting or similar activities involved in the installation and replacement of glass or other components on the Westwood Products. Casement and awning windows installed within four miles of the coast must use Maxim stainless steel hardware to be covered by this warranty. This registration number must be submitted with any claim.

VINYLAND ALUMINUM WINDOWS AND DOORS

Vinyl main frames and sash are warranted not to pit, corrode or crack under normal use and service. Vinyl and aluminum main body components, not parts, are warranted to be free from manufacturing defects in material and workmanship. Factory applied finishes on our aluminum products are warranted against flaking, cracking, blistering or peeling. Warranties do not apply if a harmful cleaning compound or pressure washing is used.

Years of Service	Amount (%) Paid By Owner
0 thru 10	0%
11 thru 15	25%
16 thru 20	50%
21 thru life of registered owner	75%
